# VISIT US TODAY!

*AALBC.com is a recognized source for critical reviews of books by and about African American authors. It is also the highest ranked, most frequently visited web site dedicated to African American literature.*

Our goals are to offer a diverse spectrum of African American literature to satisfy readers' book buying needs, serve as a resource and vehicle of expression for aspiring and established writers, introduce and make African American literature more accessible to a broader spectrum of readers, provide a forum for the exchange of constructive opinions on African American literature, and foster positive trends in African American reading and literature.

*Explore AALBC.com and immerse yourself in the richness of the African American literary culture.*
